

FILM: IN SESSION 2

A Continuing Professional Development Course Concerned with Psychoanalysis and Film

THIS IS ONE SEQUEL YOU WON'T WANT TO MISS

It is not necessary to have attended Film: In Session in order to register for this course

This continuing professional development course provides a space in which to indulge our love of cinema in the context of psychoanalytic theory. For nine months we will come together to share the experience of watching a film before engaging in an informal discussion loosely focused around particular themes relevant to psychoanalytic theory and clinical practice. Films include *La Nana (The Maid)*, *Tarnation*, *El laberinto del fauno (Pan's Labyrinth)*, *Looking for Eric*, *Kynodontas (Dogtooth)*, *Le Placard (The Closet)*, *Wolke 9 (Cloud 9)*, *Kings* and *[Safe]*. This group is open to anyone with an interest in psychoanalysis and film. It will be of particular interest to psychoanalysts, psychotherapists, psychologists and counsellors, in addition to academics and postgraduate students who work on psychoanalysis and/or cultural studies. No previous knowledge of psychoanalytic theory or film studies is required.
