

CONFERENCE announcement

2nd National Conference

Dublin Castle

26 & 27 January 2012

creative horizons: contemporary practice

The Irish Council for Psychotherapy is delighted to announce its 2nd National Conference in its 21st year in existence.

This conference provides a unique opportunity to celebrate, showcase and exchange ideas on creative and contemporary practice.

The conference welcomes clinicians from a variety of health care settings and professional backgrounds who have an interest in contributing to the debate and discussion on psychotherapeutic practice in Ireland.

The conference seeks to engage all of its delegates and will provide a fertile ground to enhance knowledge and practice.

This conference will comprise keynote speakers who are renowned in the field of psychotherapy, and workshops, symposia, papers and poster presentations by practitioners involved in psychotherapy practice, research and training.
